VETERAN OWNED / VETERAN OPERATED

## GULF COAST HYDRO VAC LLC

# Wastewater treatment plant & aeration basin cleaning

Vacuum removal and jetting support for municipal and commercial facilities.

CLEANOUT SUPPORT FOR YOUR FACILITY

## Put basin cleaning on the schedule

Gulf Coast Hydro Vac helps plant operators and public works teams tackle accumulated sludge, grit and debris. Call us to discuss aeration basin cleanouts and vacuum or jetting support for your next plant maintenance project.

### Aeration basins

Cleanouts for planned plant maintenance.

### Material removal

Vacuum support for sludge, grit and debris.

### Plant cleaning

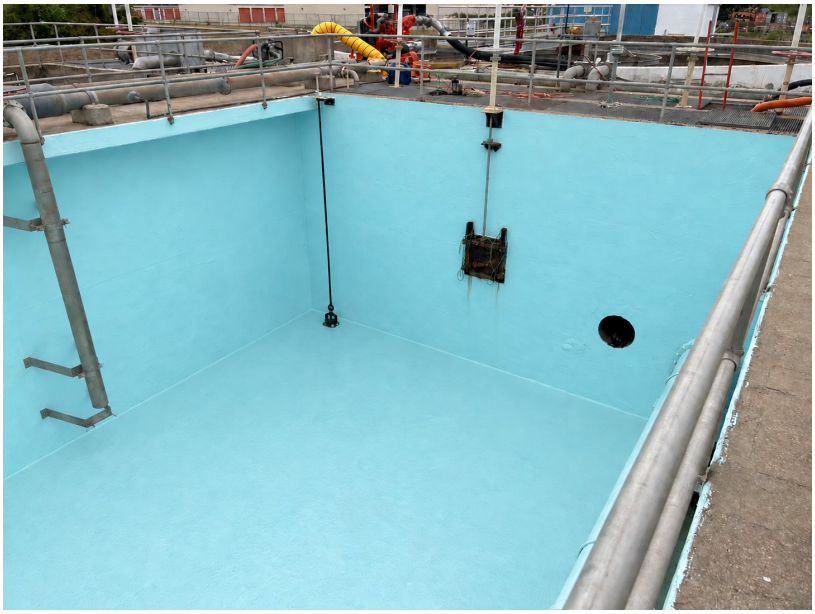

Jetting and cleanout support for your crew.

**Discuss your basin cleanout with Mitch Sutterfield** **330-940-9040**

FOR PLANT OPERATORS, PUBLIC WORKS AND CONTRACTORS

# Clean it. Protect it.

## PROTECT YOUR INVESTMENT

You paint your home to protect it. You wax your car to protect it. Why not protect one of your community's most valuable investments - your wastewater infrastructure?

**Ask about our protective coating services for treatment plant structures.**

## ADDITIONAL FIELD SERVICES

Sewer and storm-line jetting / Culvert and manhole cleanouts
Hydro excavation and utility exposure / Commercial vacuum work

Also ask about smoke testing and manhole rehabilitation support.
